

An Ideal Medicine.

A New Discovery Which Cures all Forms of Catarrh.

The tablet is the ideal form in which to administer medicine. But until recently no ideal catarrh tablet had ever been attempted. There is now, however, an excellent and palatable remedy for catarrh in tablet form, known as Stuart's Catarrh Tablets, and sold by druggists, composed of the most recent discoveries in medicine for cure of catarrh, and results from their use have been highly gratifying.

The old-time treatment of catarrh was in the form of inhalers, washes, douches, sprays, etc. Later on internal remedies were used with greater success, but being in liquid or powder form were inconvenient to use and like all medicines in liquid or powder form, lose their medicinal properties when opened or exposed to the air.

Stuart's Catarrh Tablets contain highly concentrated antiseptic Hydrastin, Salicylic Acid, Eucalyptol and Gualacal, which kill the catarrh germs in the blood and mucous membrane, and in tablet form, are strictly scientific and modern, because all authorities are now agreed that catarrh is a constitutional blood poisoning, and local applications can have only a transitory effect.

The use of inhalers, douches and sprays is a nuisance and inconvenience and can in no wise compare favorably with the same antiseptics given in tablet form internally, where they can reach the stomach and blood and kill catarrh germs right where they are produced.

A prominent lawyer and public speaker of Pittsburgh says: "I have been troubled with catarrh of the head and throat for twelve years. In this climate it seems impossible to get rid of it. The continual dripping of mucus from the nose into the throat caused irritation and hoarseness, seriously interfering with my public speaking. It took me an hour or more to get my voice, and I was constantly coughing, spitting and sneezing every morning before I could settle down to work and this condition gradually brought on a loss of appetite, causing loss of weight, poor digestion and a foul breath, which annoyed me exceedingly. My physician advised me to try Stuart's Catarrh Tablets and I took them for two months and was astonished to find how quickly they cleared my head, throat and stomach and I have no hesitation in recommending them. They are not only pleasant to take, but they seem to get at the very root of the trouble, because since using them I have had no trace of catarrh."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full-sized package. They can be carried in the pocket and used any time and as often as desired, since they contain no cocaine, mercury or any other injurious drug.

MYSTERIOUS GOLD MEDAL FOUND.

Workmen Unearth Relics Supposed to Have Been Lost by British Soldiers.

REPUBLIC SPECIAL.

New York, June 22.—While excavating in Oak Hill Cemetery recently workmen found a relic, which is now in the possession of Mr. F. L. Webster, president of the Cemetery Association, which is valued highly. It is a gold medal, bearing the inscription on one side of "S. George Equorum Patronus," while the figure of a mounted knight in armor tilting at a dragon under the horse's feet occupies the center. On the opposite side are the words: "In Tempore Securitatis," and the center is occupied by a storm-tossed ship.

The medal had evidently been attached to a bar or pin, and the hole visible at the bottom was used for an eyelet, by which the pin was secured to the clothing of the wearer. The relic was found imbedded in the solid earth, about twenty-two inches from the surface, and is in a good state of preservation. Recently a gold spur was also found in the same vicinity, less than a hundred feet from where the medal was unearthed.

The present site of the cemetery was used in the Eighteenth Century as a camping place for troops, who are said to have passed through that section on their way to Fort Duquesne, then located near where the city of Pittsburgh now stands. About 3700 a body of British soldiers passed through, and it has always been the tradition handed down by the oldest settlers that they camped on the site where the medal was found.

The site was a natural camping ground, well sheltered from the wind by hills on each side, and well supplied with water, as a large spring bubbled from the side hill. It is believed that the medal was lost by one of the soldiers while camping there while on their way from Albany to reinforce the garrison at Duquesne, at the time of the French-Indian War.

The troops marched on the old Kittanning road, which was built by the Government, and traces of the grades, bridges, etc., are still visible.

The Knights of St. George were founded at Oxford in 1350 by Edward III. The order was composed of twenty-five knights and the sovereign. From the inscription on the medal it is believed that the relic was given for some special act of bravery, and to have been worn by a British soldier.

BRYAN IS NOT INVITED.

Resolution in Virginia Constitutional Convention Is Defeated.

REPUBLIC SPECIAL. Richmond, Va., June 22.—D. C. O'Flaherty of Front Royal, who was a candidate for Congress on the Gold Democratic platform in 1894, from his district, and who was defeated by only a small majority, to-day introduced in the Constitutional Convention a resolution inviting William J. Bryan to address the convention when he comes to Virginia. The resolution was overwhelmingly defeated.

NAMED BY THE PRESIDENT.

An Ohio Man Selected as Minister to Korea.

Washington, June 22.—The President to-day signed the following commissions: State—Horace N. Allen, Ohio, Minister to Korea.

Justice—Nathan V. Harlan, United States Attorney, District of Nebraska, Division No. 2.

Proved He'd Seen One.

He was rather the worse for speak-easy liquor when he faced the Magistrate in the Central Police Court yesterday morning, and it didn't require a rich brogue to indicate his ancestry. The remnants of a fighting Sunday jag had left him very loquacious.

"What is your name?" asked the Magistrate.

"Michael O'Halloran," was the reply.

"What is your occupation?"

"Fawst's that."

"What is your occupation? What work do you do?"

"I'm a sailor."

The Magistrate looked incredulous.

"I don't believe you ever saw a ship," he said.

"Didn't, Oh, this," said the prisoner. "An' phwat do yes 'link O' me over in a hack?"

"After that it went hard with Michael," Philadelphia Record.

Speaker Marshall of the Pennsylvania Legislature forbade the members wearing short waists.

NATIONAL GUARD

OF WEST VIRGINIA

MAY BE CALLED OUT.

Rioting of Daily Occurrence in West Virginia Mining Fields—Winchesters Are Everywhere in Evidence, Strikers Are Determined That All Nonunion Men Shall Quit Work and It Is Feared a Serious Clash Will Result When an Attempt Is Made to Enforce the Court's Sweeping Injunction.

Mattoawan, W. Va., June 22.—More trouble is imminent here. The striking miners are marching around the entrances, many carrying Winchester.

All coal operations were closed to-day, but the operators will endeavor to resume Monday with new nonunion men.

Last evening a skirmish occurred in which 300 shots were fired. Only a few were injured and none killed.

Sheriff Hatfield and a large force of deputies are at the Lick Fork mine, where it is feared an attempt may be made to destroy property. Governor White has not yet been called on for the State militia, but he may be asked at any time.

Winchesters in Evidence. Huntington, W. Va., June 22.—Another out-

break occurred at the Lick Fork mines in the Thacker and Mattoawan fields late last night. A number of shots were fired and several persons were reported injured, but it is impossible to secure names.

Ex-Attorney General Thacker, the attorney for the coal companies, was at the scene and a dozen shots were fired at him, but he took shelter behind a rock pile and escaped injury.

The strikers are determined that all nonunion men shall quit work in these fields and Winchesters are in evidence everywhere.

The National Guard may be called upon to assist the Sheriff in keeping down a riot. The injunction granted by Judge Jackson will be served to-day.

ATTEMPT MADE TO BLOW UP KANSAS METHODIST CHURCH.

Pastor Is Mayor of the City and Has Been Making a War on the Jointkeepers, Who Are Suspected of Having Tried to Wreck the Church.

Manhattan, Kas., June 22.—An attempt was made at 2:30 this morning to blow up the First Methodist Church with dynamite. It is believed to be the work of jointists, who directed their spite against the Reverend J. M. Miller, pastor of the church, because of his crusade against saloons. No arrests have been made.

A powerful explosive was thrown upon the door of the main entrance, blowing a large

hole in the door, shattering the steps and breaking a number of stained-glass windows. The damage will amount to several hundred dollars. The parsonage adjoining was not injured.

The Reverend Mr. Miller was elected Mayor of this spring and has waged a bitter fight on the jointists. Last Thursday six jointists were fined \$200 each and sentenced to sixty days in jail, their conviction being secured on evidence worked up by the minister.

CHAFFEE TO BE MILITARY GOVERNOR OF PHILIPPINES.

Order Was Issued Yesterday—He Will Occupy the Estada Mayo at Manila.

Washington, June 22.—Following the order issued yesterday making Judge Taft Civil Governor of the Philippines, an order has been issued naming General Chaffee as Military Governor of the archipelago.

The military has been ordered to vacate the Ayuntamiento, the large public building which was erected out of the municipal funds of Manila for Government purposes.

SMOOTHING MATTERS OVER WITH RUSSIA

State Department Issues a Statement Explaining of Its Tariff Position.

DESIRE TO AVOID FRICTION.

Arguments Advanced to Show Reason Why Russia Should Remit Increased Tariff on American Goods.

Washington, June 22.—The State Department has addressed to the Russian Government, as represented by Count Cassini, its Ambassador, such representations respecting the sugar and petroleum tariff controversy as are deemed necessary to meet the Russian action.

The purpose of the letter is to smooth away, if possible, the friction that has been engendered between the two Governments in the handling of these two subjects, and in particular to divest the exchanges of any personal character. To that end, as set out in Secretary Gage's statement issued yesterday, the effort is made to show that what has been done by the United States Government was in a manner brought about by the automatic operation of the American tariff laws.

The facts set out by the Treasury statement as to the provisions of the countervailing duty sections on the Dingley law are recited, together with the circulars and instructions of the Treasury Department issued thereunder.

As the Russian Government has been especially irritated over the proceeding as to Russian sugar imports into the United States, particular attention is given to that subject, and reasons are adduced to bring the Russian Government to believe it should remit the increased duties on American goods.

READY FOR THE SURRENDER.

General Calles, Filipino Leader, Will Stack Arms To-Morrow.

SPECIAL BY CABLE.

Manila, June 22.—The surrender of General Calles and his insurgent force is practically accomplished, except for the formal ceremony of marching three miles into Santa Cruz, the capital of La Guna Province, and stacking arms, which is to be done on Monday. His rendezvous at Paganjan resembles the scene of a grand festival.

Colonel Zubano is now concentrating the

A Model Village.

It is rumored that a \$1,000,000 village will be founded in New York State, in connection with a large shoe factory, the profits of which will be used to build a village for the benefit of the people and to make the lot of their employees happy. It is hoped their plans will be successful and that other capitalists will be encouraged to follow their example. Anything that adds to happiness should be indulged, and that is why Hostetter's Stomach Bitters, which cures all diseases of the stomach, liver and bowels, has received the hearty endorsement of the American people and has a record of fifty years of cure to its credit. Use the Bitters for dyspepsia, indigestion, biliousness and constipation. It never fails to effect a speedy and permanent cure. It is also an excellent tonic and blood purifier. So you feel worn out and nervous, it is just what you need to build you up.

EARL RUSSELL HELD ON BIGAMY CHARGE.

Result of a Preliminary Hearing in the London Bow Street Police Court.

WITNESSES FROM NEVADA.

Evidence Offered to Show That the Nevada Divorce Laws Were Not Complied With by the Earl.

London, June 22.—Earl Russell reappeared in the Bow Street Police Court to-day, on a charge of bigamy and was committed for trial. The court was crowded.

Among those present was the woman (Mrs. Somerville), whom the Earl claims is his wife, and to whom he was married in Reno, Nev., in 1890, after he had obtained a divorce from his first wife.

The register of his first marriage was produced. Mr. Brown, Assistant Director of Public Prosecutions, then testified that the present proceedings were taken by the Public Prosecutor, independently of any other person, thus confirming the first Counsel's statement that she is not a party to the suit.

Mr. Brown gave details of his investigation at Reno and B. F. Currier, County Clerk of Washoe County, Nevada, testified to marrying Earl Russell and Mrs. Somerville at the Riverside Hotel, Reno. The defendant called himself Mr. Russell and the witness was not aware of his rank.

Nevada Divorce Law Violated. After detailing the Nevada law on divorce, Mr. Currier said that in Earl Russell's divorce the law was not complied with in two respects, and, therefore, the decree annulling the Earl's marriage was not valid, even in Nevada.

After counsel had protested that Earl Russell had not been given adequate time to prepare his defense, the Earl was committed for trial at the next session of the Central Criminal Court, the same ball (21-000) being allowed.

It appears that the Earl must be tried as a peer, in the House of Lords. The usual course is, after the committal application is made, to remove the case to the House of Lords by writ of certiorari. Such trials have been very rare. The last was the case of Lord Cardigan. There have been four trials of peers in the House of Lords since the end of the reign of George II.

BRITISH FORCES ROUTED.

Boers Inflicted Severe Losses in Waterloo Fight.

Craddock, Cape Colony, June 22.—In an engagement at Waterloo, June 20, the British lost eight men killed and two mortally wounded, and had four men seriously wounded. In addition, sixty-six men of the Cape (Colonial) mounted rifles were captured.

The Captain of a Boer squadron is reported to have been wounded and one Boer was killed.

GOVERNMENT NOT PARTY TO DEMANDS ON CHINA.

Washington, June 22.—The United States Government has taken no part in the fresh demands made on China, and is disposed to do everything possible to discourage them.

Our Government will not for a moment countenance the claim that the maintenance of the legation guards in Peking is properly chargeable to the Chinese Government, and the Chinese will present no bill on that score.

SOLDIERS RESCUE PRISONER FROM MOB.

Conflict Between Soldiers and Citizens in Texas Over Possession of Levy Spencer.

REPUBLIC SPECIAL.

Houston, Tex., June 22.—Levy Spencer, the negro for whose possession the State troops have been fighting with a mob, was taken on a special train, in charge of the militia, to Huntsville for safe keeping.

On leaving Trinity the troops had a conflict with the mob, and the special train was riddled with bullets. The soldiers fired on the mob, and several of them were hit, although the extent of the damage done has not been ascertained.

At the preliminary hearing at Trinity, Spencer was identified by Miss Trow, upon whom he had made an assault, and then the mob formed, determined to take him from the officers and lynch him. The soldiers surrounded the prisoner and the mob surrounded the soldiers. The Sheriff started to return with his prisoner to Houston and marched him down the track, instructing the engineer to stop when the soldiers, who were coming as re-enforcements, were met.

The mob, having become suspicious, also boarded the train. When under way, half a dozen men entered the cab and covered the engineer with guns, ordering him to put on steam and run past the place where the soldiers were stationed, which he did. Being thus outwitted, the soldiers returned to the schoolhouse with the negro. For a time the situation was most grave. Telegraph and telephone operators were made prisoners, but the mob's failure to cut the wires upset their plans. Among the soldiers was a telegraph operator, who wired the situation to the Governor. In response he ordered more Houston troops to Trinity, they arriving at Trinity at 1 o'clock this morning, and went immediately to the aid of the beleaguered light guards. The mob, which had them hemmed in, was taken completely unawares by the arrival of the re-enforcements, and after some maneuvering the soldiers, with the prisoner, boarded the train and sped to Huntsville.

ADMINISTRATOR'S SALE

OF FINE SUMMER SHOES.

Reductions in Each Department.

SPECIAL PRICES ON ALL TANS.

Ladies' best Tan Kid and Tan Russia Polish Welts and Turns, \$5 and \$4, cut to.....\$2.50

Severe Storm in Ohio.

Columbus, O., June 22.—A severe storm swept over a considerable part of Ohio to-day. A son of George Rice, of Wheelersburg, was killed by lightning, and much property was destroyed in various sections. Communication with the storm-stricken districts is difficult, as wires are prostrate.

\$1,500 IN CASH PRIZES.

We will divide \$1,500 among contestants who can arrange the following jumbled letters in such a way as to give the name of an event that is now occurring in one of our cities: N-A-P-C-A-R-I-M-E-A T-O-P-T-I-S-O-E-I-E.

In addition we will pay all expenses of five chosen contestants to the Pan-American Exposition at Buffalo. We give these prizes to advertise our magazine. Send your answer to-day; it costs not a penny, and you might win a big prize. Address Ladies' Home Magazine Co., Philadelphia, Pa.

TRAINS COLLIDED AND WRECKED DEPOT.

Remarkable Results of Neglected Signal at Butler, Mo.—Three Men Badly Hurt.

Butler, Mo., June 22.—Two trains came together here in a head-on collision this morning. Both were freight trains. The depot was completely wrecked by the impact of the heavy freight cars, which left the track and crashed into the building.

The northbound train was standing on the main track when the collision occurred. The danger signal was set to warn the engineer of the southbound train, which was due a few minutes later.

For some reason the signal was ignored. The southbound came on at full speed. Both crews jumped.

The station agent and several other persons in the depot narrowly escaped death. Both engines and twenty-five cars were destroyed.

Three men were badly hurt and two will probably die. John Dawson, the fireman on the northbound train, which was standing in front of the depot, taking water, had his legs cut off and was otherwise mangled. He was taken to a Kansas City hospital. The engineer was in the depot getting orders. S. Snyder, the fireman on the southbound train, jumped before the collision, but was badly hurt.

"Guarantee a Gusher."

Beaumont, Tex., June 22.—H. Hardie Robinson, who is operating extensively in the Beaumont oil fields, announces that he is in a position to guarantee any purchaser a gusher on Spindletop Hill.
